Melbourne band **Slow Down** open with the downbeat hit of the summer *Ghost Ship*, **Straight Skirt's** track is epic and angry with a sweet, sad undertow, a preview of the forthcoming homegrown pressing via Garden Seat & Sweat Press. Castlemaine trio **Good Moon** hits with a quick shot of slightly uncomfortable pop, **Franklin's Mint** offers a dreamy instrumental, Ewan from Sex Tourists' project **House Band** (SYD) are probably up for a tooth knuckle fight with pure blonde aficionados, **Every Slut Could Be A Star** (NYC) is conceptual/visual artist Alex Bienstock's extremely eclectic and ever-so-fresh-sounding art/sound project (this track from the upcoming Garden Seat cassette release). **Jayden** is a wild card from Pennsylvania who hits up record labels all over the world in his dream to be a big star, **Town Ace** delivers a hectic and heartfelt homage with their track *Don Cab*, **Giant Hammer** delivers layered, dreamy musings for a spring day, **Rob Ford Explorer** plays twisty quick guitar to math beats, **The Cannanes** are
